Chart 6 shows that the majority of people aged 65+ live in the Hilltown neighbourhood of Coldside.

Chart 6 - Coldside Population aged 65+ by Neighbourhood

Source: Mid-year population estimates 2016, NRS

- Hilltown has the highest number of people in the 18-64 and 65+ age groups.
- The Glens has the lowest number of people in the 18-64 age group.
- Dudhope has the lowest number of people in the 65+ age group.

Deprivation

The Scottish Index of Multiple Deprivation (SIMD) is the Scottish Government's official tool for identifying places in Scotland suffering from deprivation. Deprivation in this context refers to the range of problems that arise due to the lack of resources or opportunities covering health, safety, education, employment, housing, access to services and financial aspects. The most recent SIMD was released by the Scottish Government in August 2016.

The map shows how many domains each data zone in the Coldside LCPP which are ranked within the 5 - 20% most deprived datazones in Scotland.

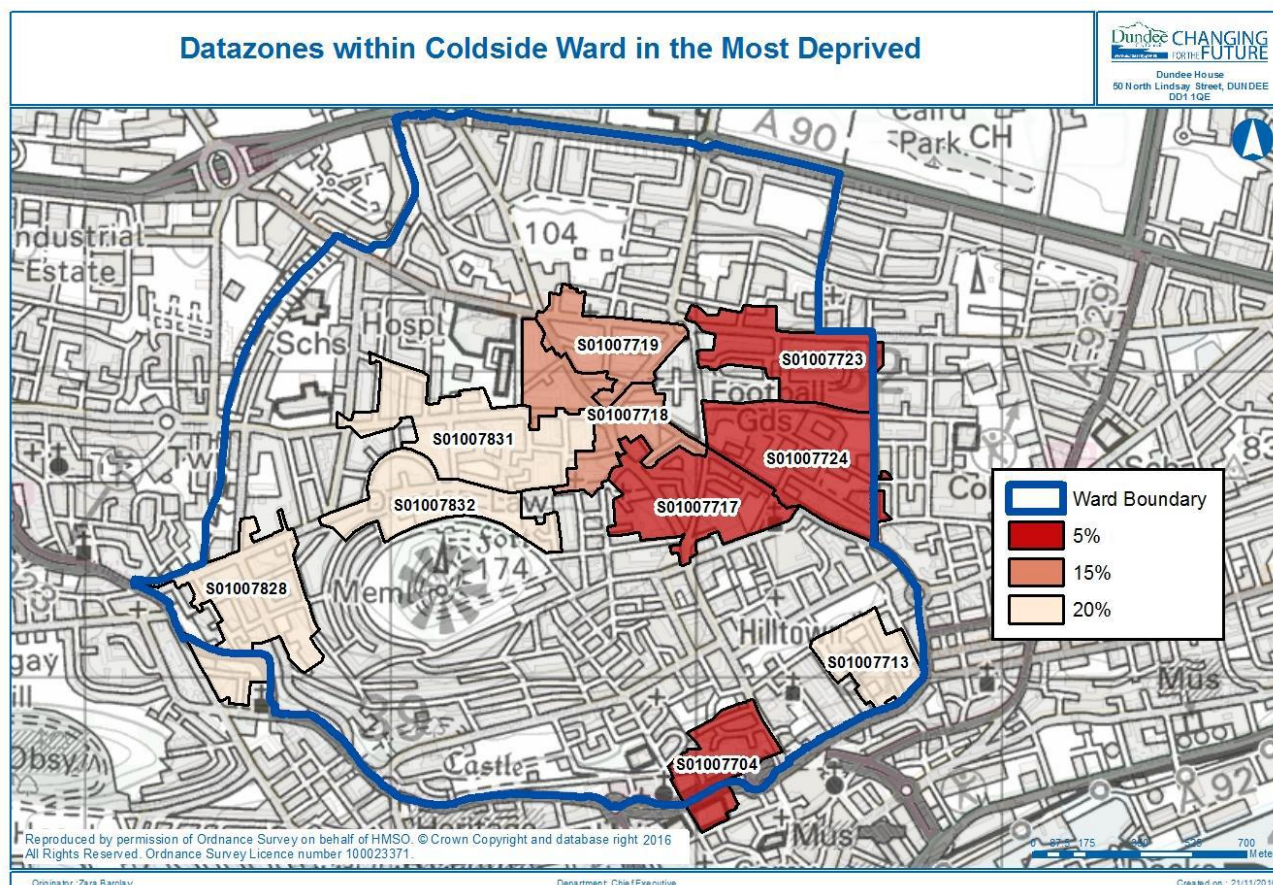

Table 1 shows the percentage of Coldside's population who live in the 5%, 15% and 20% most deprived datazones in Scotland. Fairmuir is the area with the highest percentage (37%) of its population living in the 5% most deprived and Coldside is the area with the highest percentage (70%) of its population living in the 15% most deprived.

Table 1

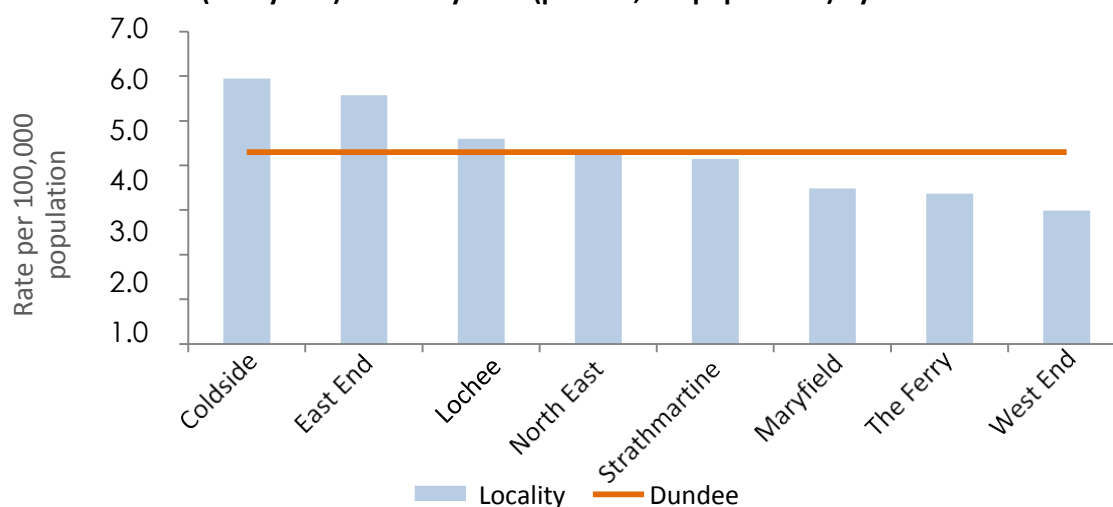

Community Area	Total Population	Pop living in DZ in the 5% MD	Pop living in DZ in the 15% MD	Pop living in DZ in the 20% MD
Coldside	3,531	15%	70%	90%
Dudhope	2,037	11%	11%	11%
Fairmuir	4,024	37%	48%	48%
Hilltown	6,399	20%	46%	54%
Law	2,194	0%	0%	56%
The Glens	1,571	0%	0%	28%
